Supporting Effective Instruction

(note: This list only includes ESSA programs with LEA plan requirements; not all ESSA programs.)

In the following pages, ONLY complete the sections for the corresponding programs.

Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed, unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Indian Diggings SD is an LEA with an average ADA of 20. We are located in a rural area of El Dorado County California. We employ one credentialed staff who's role encompasses the positions of Superintendent, Principal, and only Teacher as well as a number of classroom aids that work under the direction of the district teacher to support and deliver curriculum to students. We are funded under the Necessary Small School formula and qualify for REAP funding. We do receive Title II funding separately from our REAP allocation and will therefore address that funding here. Our Title II Part A funding for the 2022-2023 school year is projected to be \$385.00. Title II Part A funding for professional growth and improvement is identified specifically in Goal 7 of our LCAP (link provided on title page) which targets state priority 1 and focuses on staff training in ELA, Math, and Social Emotional supports. Within these parameters the district uses its Title II Part A funds to support staff training during early out staff collaboration days on a weekly basis in the areas of ELA, Math, and Social Emotional support.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

Over half of our general fund supports Goal 7 of the LCAP and so the use of our small Title II Part A funds in this area is aligned to the over all funding focus of the district.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. Indian Diggings SD is an LEA with an average ADA of 20. We employ one credentialed staff who's role encompasses the positions of Superintendent, Principal, and only Teacher as well as a number of classroom aids that work under the direction of the district teacher to support and deliver curriculum to students. Due to the unique nature of our staff, our professional growth and improvement system is very individualized. Currently the staff member uses the School Board evaluations to identify areas for improvement on a yearly basis and seeks out training as available and funds allow. Much of our training is provided by our local county office and during the summer months so as to not take our only staff person away during the school year. Should our LEA ever employ additional credentialed staff we would interface with our county office for supports such as induction and capacity building using the California Standards for the Teaching Profession as our guide to ensure continuous improvement.
