2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Indian Diggings School is located in the southern end of El Dorado County in the small community of Omo Ranch. It is the only school in the district and has two, multi-grade classrooms. Our enrollment ranges from 15 to 25 students.

MISSION:

2021-22 School Overview

Through love, support, and encouragement, we are stewarding the history of Omo Ranch. We are developing and teaching life-long learners who will constructively contribute to the world around them and will positively affect the lives of others.

VISION:

Indian Diggings School District seeks to preserve the rich cultural, social, and educational history that has emerged in Omo Ranch. We envision a school that blends the tools of our emerging technological society with the educational tools of the past. We use educational skills and concepts in the real world.

1. Students will be provided with CCSS based curriculum in ELA that supports their needs and prepares them to communicate in a global economy
2. Students will participate in Mathematics curriculum that provides them with mastery of the skills needed to have choice in their future careers.
3. Students will be provided with a social/emotional environment that supports their needs and prepares them to be a caring and productive citizen in our community.
4. Students will participate in the arts and humanities, a broad variety of activities that prepare them for a life in a diverse world and enriches their school experience.
5. Our families will be deeply involved in our District by participating in multiple activities including (but not limited to) working in the classroom, helping with activities, and off campus experiences. Communication between home and school will be frequent and conducted in multiple ways so as to keep all stakeholders informed and working as a team.
6. Our facility will be maintained in a way that promotes a safe and enriching environment for students, staff, and community.
7. Our administration will attract high quality staff that will be supported with training and assistance to provide students with the education they need.

Parent volunteers participate actively and support students by assisting in school activities and helping teachers with classroom instruction. A Parent/Community Club contributes generously to extracurricular activities.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20

Total Teaching Positions	1

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

We take pride in our school facility, and it is cleaned daily. Our building was built in 1959, modernized in 1997 and is of adequate size for our current enrollment. A regular maintenance and repair schedule is budgeted annually. The two classrooms, multipurpose room, fields, blacktop, and playground are modern and more than adequate for our present student population.

The single-floor, wood-frame facility with easily accessible classroom exits is very safe in the event of fires or earthquakes. There are safety rules, fire and earthquake preparedness instruction and adequate playground supervision. A comprehensive safe school plan is revised and adopted annually.

In our last parent survey, 100% of the parents felt their children were safe at school and that there is adequate playground supervision and playground equipment. One hundred percent of the parents indicated that the buildings and playgrounds are clean, adequate and safe. A play field adds to the safety of play areas. The rest rooms, floors, walls, roof, plumbing and electrical systems are clean, adequate, and in good condition. All efforts to ensure building safety, cleanliness, and adequacy have been successful. In the fall of 2002, new siding, painting, and water system improvements were made through various funding sources. In 2006, we added a 25 KW generator to provide the school with power during emergency incidents. The school was painted during the summer of 2009. The school conducted an energy efficiency upgrade with California Proposition 39 funds that includes new HVAC units, furnace, hot water eater, and lighting in the summer of 2018. Dry rot damage was repaired during the 2019 and 2020 school years.

A Facilities Maintenance and Repair Plan is available upon request at the school office.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents are an essential part of our school program. They may volunteer in classrooms, may correct papers, may teach special interest classes, may participate in the Indian Diggings Volunteer Club which raises money for special field trips and camps. To participate as a volunteer, simply contact either Mr. Coffin or the Volunteer Club President at 530-620-6546.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2020-21 Types of Services Funded

Special services provided by the school and county Office of Education are: special education, psychologist for testing and evaluation, school nurse, and an after school program. The District employs a part time Educational Specialist. Due to the small nature of our school all students receive individualized instruction on a daily basis with accommodations as needed. When students are eligible and willing to participate a school lunch program is provided. The teacher serves as the teacher/principal/superintendent. He teaches full time, and performs most administrative duties before and after school hours. He spends approximately 90% of his time teaching grades Kindergarten-8th.

Professional Development

The district holds four professional development days per year. Three to four of these days are used to provide opportunities for staff to update skills and to learn about current research and trends in public education. The activities are determined by the staff and administration collaboratively. They discuss their needs and then self select activities for staff development. The district also has collaboration days each week on Fridays where staff meet to train and improve their skills from noon till the end of the day.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
